## Thanks AI Product Purchase & Member Registration

or Business Registration Manual

This manual describes the Thank AI membership registration required to purchase Proteoglycan products. And those who want to sell these products and those who want to start a business need the same membership registration.

People who just want to buy the product don't have to start a business. That person will see the word "business" several times while reading the following. But the result will only be a shipment of the product you ordered.

Those who are not in areas A and B below can purchase products and register as a member in this format.

 A) Residents of Japan, Taiwan, Hong Kong, Macau, Mainland China, Malaysia, or Cambodia When ordering a product or starting a business, you must submit a written application to Thanks AI. Therefore, you cannot use this format.

Please contact us from "Contact us" at the top right of this site. We will reply to you by email.

 B) Residents of Philippines or Thailand
 You will see a screen similar to this format. It's a little different, but you can purchase the product and register as a member on the website. You may need to provide a copy of your ID after applying. Therefore, there may be an inquiry from the Thanks AI Secretariat after application.
